FOUR CANADIANS HELD FOR SHOOTING AMERICANS

Provincial Constable, Corporal and Two Privates Arrested at Fort Erie

(By Associated Press.)
TORONTO, Jan. 8.—A provisional constable, a corporal, and two privates were arrested at Fort Erie today on warrants issued at the instance of the attorney general of the province of Ontario, charging them with manslaughter in connection with the death of Walter Smith, and the wounding of Charles Dorsey, American citizens, at Fort Erie on December 23 last. The men were held without bail.

Smith and Dorsey were shot by Canadian militiamen while hunting ducks on the Canadian side of the Niagara river in alleged violation of the dominion's game laws. The United States sent a formal protest to Great Britain requesting the punishment of those guilty of the shooting.

E. Lucas, attorney general of Ontario, who caused the issuance of the warrants, announced his department and preferred the charges on its own initiative, feeling that the matter required full investigation. No instructions have been received, he said, from either the imperial or dominion governments.

Canadian Government Sends Regrets to U. S.

OTTAWA, Jan. 8.—The Canadian authorities have forwarded to the United States government at Washington formal expressions of regret on the killing of Walter Smith and the wounding of Charles Dorsey by Canadian militiamen. The Dominion government also has offered to compensate the dead man and the family of the wounded man.

MRS. HIGHT CHARGES NURSE ASSUMED HER PLACE IN HER HOME

Mrs. Carrie Deaton Hight.

Sensational Charges Made in Divorce Suit Against Wealthy Atlanta Man—Service Held Up by Wife

In his handsome home at 90 Peachtree circle, Emmett Hight, reputed millionaire, lies half paralyzed in his bed. At the front door Miss Nata Davis, trained nurse, wards off all curious callers with the firm statement that Mr. Hight is asleep and will stay asleep all day. In Columbus, her former home, Mrs. Hight is said to have been employed by the Deaton Hight still holds in disrepute over further steps in the rather sensational divorce and alimony suit. Attorney Reuben Arnold filed for her last Tuesday, and which she held temporarily in the hope, it is said, that her differences with her husband might be adjusted and she could return to the home she has not occupied since last November.

According to dispatches from Columbus, Mrs. Hight, now staying with her father, J. E. Deaton, a wholesale merchant that city, will confer with her Atlanta attorney, Reuben Arnold, on long distance telephone Friday afternoon. Further proceedings in the case will depend upon the result of this conference, said Mrs. Hight.

Mrs. Hight arrived in Columbus Thursday night, and went at once to the home of her father. Her five-year-old son, James Lawrence Hight, was with her.

"I always want to live with my mother," he said.

"Mrs. Hight can come back any minute she wants to," said the nurse Friday morning, through the screen door at the veranda entrance. "Mr. Hight never has told her she couldn't. He never has anything to do with it. I wouldn't surprise me to see her and her whole family come piling in from Columbus tonight."

But Mrs. Hight, in her suit for divorce and half a million in alimony, says Hight treated her so badly she couldn't stand it, and furthermore that he had been forcibly removed from his home last November, rushed out to a sanatorium, and that when she left the sanatorium and forced her way into his room, Hight told her she might spend the night there if she would promise to leave early the next morning, which she did, taking their young son with her.

Mrs. Hight alleges that Hight is a man of great wealth and, she believes, worth about a million dollars. She attaches to her petition a schedule showing large land holdings in various parts of Georgia. She asks a total divorce, custody of the child, and permanent alimony. Besides this she asks that one-half the defendant's estate be awarded to herself and the son.

Judge W. D. Ellis signed an order restraining Hight from disposing of

any property pending hearing of the suit and fixed January 16 as the date when Hight shall appear and show cause why temporary alimony should not be granted.

Mrs. Hight alleged in the suit that her husband had been habitually intoxicated since twelve months after their marriage on January 6, 1909, until February, 1914, when his health broke down completely from drinking and he was taken to a private sanatorium.

She alleges that she fastidiously accused her of an affair with a white chauffeur employed by them; she alleges that the chauffeur, hearing of these accusations, threatened to kill Hight, and was looking for him with a revolver.

She alleges that on another occasion, while drinking heavily, he made similar charges in regard to her and a chauffeur, and, taking a revolver in his hand, threatened to kill the chauffeur.

She alleges he created great disturbance on this occasion, and states that the efforts of a neighbor quelled him and made him ashamed of himself.

She alleges that he took their little five-year-old son, James Lawrence Hight, stood on a bed with him clasp- ing a bottle of whiskey, and then made outrageous charges against her.

She alleges that Hight would not allow the doors on the first floor of the house to be locked at night; fear- ing burglars while in bed, she says she says she would lock her bed room door; she alleges that Hight, coming home at one of these occasions, went to her door, beat upon it, demanded entrance and falsely accused her of an affair with a neighbor.

She alleges that, upon letting him in, he would search the room carefully, looking under the bed and in the closets, and, finding no one, would walk about without consideration without stating any regret or shame for making such unfounded charges against her.

She alleges that her husband returned from the sanatorium last fall, she has received only \$20 from him, in spite of the fact that he is a millionaire.

She speaks of automobile rides which she alleges Hight indulged in with one of these nurses; she says he left the nurse to go but retained one. She alleges that she was forcibly dragged from her room last November by certain parties not named; she alleges that she was carried downstairs in a dressing gown and slippers; she alleges that the trained nurse pushed her in her back and she was thrown front steps, causing her to lose one of her slippers; she alleges that she was placed in a machine and carried to a private sanatorium, all by her husband's orders.

She alleges that, on one occasion, she and her husband went to St. Augustine, Fla., together. She says her husband told her that a shopkeeper had told him that he had seen her frequently with other men; she alleges that she insisted upon her husband's facing the shopkeeper; she said she and Hight went to the shop; she said she told the shopkeeper what her husband had said and she alleged the shopkeeper told her that he had seen her with no one but her husband; she said that her husband then tried to mollify the affair as much as possible with words.

She alleges that her husband went to Jacksonville, Fla., on one occasion, accompanied by the trained nurse and their son, James Lawrence. She alleges that they went to a hotel and remained and stayed there for three weeks.

George C. Palmer, a Columbus attorney, jointly represents Mrs. Hight with Reuben Arnold. Mrs. Hight, formerly of Columbus, society girl, is very prominently connected in that city.

Mrs. Hight came to Atlanta from Columbus about a week ago and stopped at the Ansley, with her sister-in-law, Mrs. Deaton of Columbus. She retained an attorney and they drew up the necessary papers in her suit. Last Tuesday morning about 8 o'clock, she signed the papers, and an hour later the order was signed by Judge Ellis. A court at- taché went to the home to serve the papers.

In the meantime, Mrs. Hight evidently changed her mind. She called a taxi- cab and hurried out to her husband's home, reaching there just ahead of the deputy, whom she ordered to hold service of the papers. The deputy telephoned Attorney Arnold and the sheriff, with the result that service was held up, and so far the papers have not been served on Mr. Hight, though they have not been withdrawn from the courts. Mrs. Hight spent only a short time at the home and then returned to the hotel. She is now at her father's home in Columbus.

Miss Nata Davis, the nurse who has been attending Hight since last September, was reticent Friday and refused to discuss the case in detail or to admit anyone to see Mr. Hight, who she said, was asleep. It is said that Mrs. Hight on Wednesday night, telephoned from the hotel to her home and demanded that the nurse leave. Miss Davis refused, saying it was her duty to remain with her patient until he is ordered her leave. Then, it is reported, she put it up to Hight, who indicated that he would remain at the home. Hight, it is said, asked his wife to come home but she would not do so while Mrs. Davis remained.

"I don't think it is jealousy," said

the nurse Friday, smiling. She is about twenty-five years old, and pretty. "There were four nurses before me, and she had trouble with all of them—and now she is sixty years old."

Mrs. Hight hasn't anything to say now, but if this case comes to trial he will have plenty. You might ask the neighbors what they think—they know Mrs. Hight well enough.

"But I don't think it will be tried. It wouldn't surprise me to have Mrs. Hight and her family come in tonight. Mr. Hight never has told her she couldn't come."

Mr. Hight, who is about forty years old, was left a large fortune by his father about seven years ago. At that time he was reported to own more land than any other man in Georgia. Since then he has been engaged in the real estate business, until the stroke of a paralytic which attacked him last year. The following legal advertisement

was Friday ordered inserted in The Journal.

MOVIE PASSES FOR SCHOOL

CHILDREN TURNED DOWN

Board Thinks Strand Man-
ager's Proposal is An "Ad-
vertising Scheme"

The 20,000 children of Atlanta's public schools are going to miss the opportunity of seeing an instructive motion picture because, the board of education has refused to let the Strand manager use the public school department to an "advertising scheme."

At the reorganization meeting of the board, B. Lee Smith, manager of the Strand theatre on Peachtree, went before the board to ask permission to distribute through the teachers of the schools passes to a performance at his theatre, the passes to be either distributed directly to all children or used by the teachers as a reward for merit for department.

Superintendent Strickland was called upon for his view on the question and declared that pictures are often of great instructive value, and added that he had been assured that pictures to be exhibited at the Strand would be rigidly censored and nothing to which a possible objection could be raised is shown.

OFFER IS REFUSED.
The members of the board started a discussion and for a time it looked as if Mr. Smith's offer would be accepted.

Then Commissioner Harvey Hatcher declared that while the children were being offered free pictures, the Strand manager was advertising his theatre, and he did not consider it proper for the board to endorse any advertising campaign.

That turned the tide and after some more discussion the board voted to thank Mr. Smith, but to refuse the permission asked to distribute the passes through the teachers.

The board also elected Major R. J. Quinn president, and named the following additional officers for 1915: A. P. Morgan, vice president; L. M. Landrum, secretary; B. W. Davis, of the Lowry National bank, treasurer.

CRIBE BIG SCHOOL BUDGET.
The chair cast the deciding ballot against a proposition by Alderman W. Armstrong to transfer \$5,000 in the city school funds from the apportionment for negro schools to the apportionment of white schools in order that it might be utilized on a proposed new Seventh ward school.

The board appointed a committee of the following members to go before the finance committee and urge a large school budget: Quinn, Green, Kelly, Chambers.

The committee's appearance before the finance committee will be of special interest because it will ask for a budget appropriation to be divided and used by the board itself, instead of having amounts set aside for specific purposes as has been customary.

LESS MEAT IF BACK
AND KIDNEYS HURT

Take a glass of Salts to flush
Kidneys if Bladder
bothers you

Eating meat regularly eventually produces kidney trouble. Some food, however, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and stiffness in the kidney region; rheumatism, twinges, severe headache, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Epsom Salts from any good pharmacy, take a tablespoonful in a glass of water before breakfast, and you will find your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Epsom Salts cannot injure any one, makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. (LADY)

WHALING INDUSTRY IS

NOW ON ITS LAST LEGS

Business Declines Until Pub-
lishers Are Forced to Sus-
pend Whalesmen's Weekly

(By Associated Press.)
NEW BEDFORD, Mass., Jan. 8.—Decline in the whaling industry has reached a point where it is no longer profitable to maintain a periodical devoted to its interests, according to the publisher of the Whalesmen's Shipping List, who today announced this week's issue would be the last of that weekly journal. When the paper was established in 1845 vessels engaged in the whale fishery numbered 675, with an aggregate tonnage of 192,174. Three years later high water mark in the industry was reached with 489 ships aggregating 232,255 tons. Today only thirty-two vessels with total tonnage of 6,413 are engaged in the search for whales.

In 1851 the whaling fleet brought to the United States 128,979 barrels of sperm and whale oil and 5,652,360 pounds of whalebone. In 1914, with the pursuit of whales almost confined to the Atlantic ocean, the oil brought home amounted to only 13,270 barrels.

A date for the convention has not yet been set. It is planned to have it last two and a half days, including a Sunday. Some of the most noted singers in the United States will attend.

Otavi Has Probably Been Used

Karlruhe

(By Associated Press.)
PARIS, Jan. 8.—A Madrid dispatch to L'Information states the German auxiliary cruiser Otavi has been interned at Las Palmas, Canary islands.

The Otavi arrived at Las Palmas January 5. She was previously reported, December 2, as being at Pernambuco.

There has been no mention heretofore that the Otavi had been converted into an auxiliary cruiser but it is likely she was used by the German cruiser Karlsruhe as a supply ship.

Rise in Exchange Due to Buy-

BERNE, Switzerland, Jan. 8.—(Via Paris.)—The American dollar is now worth \$1.05 at Berne. That represents a remarkable rise since the opening of the war, when checks on America yielded only 70 cents. The rise in exchange is due to heavy buying of grain in the United States for Switzerland.

There has been no mention heretofore that the Otavi had been converted into an auxiliary cruiser but it is likely she was used by the German cruiser Karlsruhe as a supply ship.

at Sea

SAN FRANCISCO, Jan. 8.—The steamer Hilonian, which arrived here yesterday, brought word that the crater of Mokuaweewe, on the island of Hawaii, was again in eruption and that the reflection could be seen for more than ninety miles at sea.

Mokuaweewe, a crater of the volcano Mauna Kea, according to Hawaiian tradition, spouts fire but once every seven years.

"Runaway June"

By George Randolph Chester and Lilian Chester

is a humorous story—a clever story. It bristles with lines of wit. The spirit of frolic that made Chester's Wallingford famous, creeps out in this thrilling tale.

It is illustrated with moving pictures produced by the Reliance Motion Picture Corporation by special arrangement for this paper. No expense has been spared to make them magnificent; no effort has been stinted at any point.

BOY THIEVES GIVE LOOT TO GIRLS, POLICE CHARGE

Detectives Believe They Have Broken Up Gang of Juvenile Crooks

Following arrests made last Thursday, detectives declared Friday they had succeeded in breaking up a gang of juvenile crooks, who have been marauding in Atlanta and other Georgia cities for weeks and swarming their booty on two young girls, their comrades.

Five youths, four of whom have served at intervals in the reformatory, are held at police station awaiting trial Friday afternoon on charges of systematic robbing, and the girls will testify at that time, according to the police, that the boys lavished upon them the jewelry and fine feathers which they are said to have stolen.

The five boys, all of whom are under 17 years of age, were arrested Thursday night by Detectives Kirk and Gorman. They give the names of: H. P. Perkins, aged 15, of 111 Powell street; M. R. Strickland, aged 14, of 125 Walker street; L. F. Alexander, aged 15, of 232 Lucile street; D. L. Daniel, aged 15, of 41 Woodward avenue; and John Knox, aged 15, of 154 West Fifth street.

Strickland, Daniel and Knox have confessed that they belong to a gang which has been robbing in Atlanta and Macon for some months, declare the police; Perkins and Alexander will not admit the actual thefts, but intimate they helped dispose of the loot, it is alleged.

Kirk and Gorman, who have been on the detective force but two months, obtained a clue to the gang through a pistol which was recovered at a local shop. They did some clever sleuthing and finally rounded up the boys at various addresses Thursday afternoon. At the same time they recovered three suitcases packed with fine clothing and firearms. Two of the suitcases are said to have been stolen in Macon, where it is claimed the boys are wanted. The suitcases contained quantities of silk shirts, stylish suits of clothes, ready-made, a brand-new rifle, pajamas, handkerchiefs, and the like. The detectives say there are more stolen goods which are yet to be recovered.

Working on the case, Kirk and Gorman discovered two young girls and

BILLS INCREASING ARMY'S STRENGTH TO BE PRESSED

The bills include those to add approximately 25,000 men and 1,000 officers to the army and \$500 men to the coast artillery.

DESTRUCTION OF BRITISH STEAMER IS DESCRIBED

(By Associated Press.)
NEW YORK, Jan. 8.—Details of the sinking of the British steamer *Charcas* off the Chilean coast, by the German auxiliary cruiser *Prinze Eitel Friedrich*, were brought to New York today by A. C. Norris, the *Charcas*' captain.

He said his ship was overhauled in foggy weather eight miles from the Chilean coast. A boarding party from the cruiser took off the crew, opened the *Charcas*' sea cocks, then the cruiser fired seven explosive shells into the steamer's hull.

They say are involved in the thefts. They give the names of Clara Oliver, aged eighteen, and Billy Brown, aged nineteen.

At the police station they were questioned closely by the officers and are said to have confessed that they knew all the boys arrested, and that it was the custom of these young men to lavish rich clothing and jewelry upon them. The detectives discovered many of the gems on the persons of the girls.

The girls will be called as witnesses; the boys are held under blanket charge of suspicion.

GRADY HOSPITAL ASKS \$142,368 FOR 1915

Increase of Only \$4,250 Sought Despite Gain in Number of Patients

The board of trustees of the Grady hospital held a special meeting Thursday afternoon and adopted a budget request, asking the finance committee to apportion \$142,368 for the maintenance of the hospital during the year 1915.

Dr. W. B. Summerall, superintendent, declares this is an increase over last year's expenses of only \$4,250, despite the fact an increase of more than 50 patients per day over the number previously handled is expected.

"Every year there is an increase in the number of patients, which is large enough itself to fill the average hospital in Atlanta," Dr. Summerall declares. "The board of trustees also voted to ask for \$50,000 for the erection of a nurse's dormitory, and for \$10,000 for the erection of a clinic building."

SHUBERTS COMBINE WITH FORMER FOES

Unite With Klaw & Erlanger to Control Theaters and Play Outside New York

NEW YORK, Jan. 8.—By an arrangement which has been under consideration by Klaw & Erlanger and the Shuberts for several weeks and was completed yesterday afternoon the two big theatrical concerns have absolutely combined in the financial affairs of the theaters and attractions in every city in the United States is concerned except New York.

After next week all theatrical enterprises will be "booked" on the road through the office instead of, as at present, being routed over the country from the office of Klaw & Erlanger and the Shuberts.

Over more than a year there has been a working agreement between the two firms covering the cities of Boston and Chicago, but now all rivalry between the managers is brought to a sudden halt.

One of the first steps to be taken by the consolidated offices will be the abol-

ishing as first class theaters many of the showhouses in the country. Many cities which now have a Shubert and a Klaw & Erlanger house will be reduced to a single theater, and the competition, which has been more or less ruinous ever since the theatrical magnates got together and agreed not to fight each other in Boston and Chicago, is at an end.

In New York the Shuberts will retain their own theaters and will then with their own attractions. The number of independent theater owners in this city made a pooling of theater interests here almost impossible.

Efforts have been made for several years to bring the warring theatrical interests together, and the opening Chicago was made when the Boston and Chicago agreements were made two years ago. Since then men prominent in the financial affairs of the cities of Boston and Chicago have worked to bring about a complete consolidation.

The poor business in the theaters outside of New York City reached a record mark this year, and it was realized by every one connected with

the business that something would have to be done at once. Leo Shubert and A. L. Erlanger, who have not been entirely uniformly for a year or more, were brought together by mutual friends, and the consolidation was finally completed.

The immediate effect on the theatrical business will be the lessening of the demand for so many plays to fill the theaters of the country. This will tend to the production of better plays, the managers say, and not make it necessary to play on any sort of production in order to get something to keep the playhouses open.

Sues for Divorce

Alleging habitual drunkenness and cruel treatment, Mrs. Lella L. Puckett filed suit for divorce Friday against J. G. Puckett, a fence maker, who, she says, earns \$1 a week. She says they were married in September, 1912, and have two girls, five, six years old, and Thirde, two years old. She also asks alimony. Frank L. Neville is her attorney.

TICK ERADICATING VAT GETS GOOD RESULTS

Moultrie Man Surprised and Pleased With Improvement of His Cattle

Expressing astonishment over the great improvement of his cattle after they were dipped in a tick-eradicating vat installed under the supervision of the state department of agriculture, H. B. Chapman, of Moultrie, has written a letter of thanks to Dr. Peter F. Hansen, state veterinarian in charge of the work of tick-eradication in Georgia.

Moultrie, Ga., Jan. 6, 1915.
Dr. Peter F. Hansen, State Veterinarian, Atlanta, Ga.

Dear Sir: This is to inform you that we are highly pleased with the results of the dipping vat we installed here in Moultrie under the supervision of your man, C. T. Owens. We think it is a success in every way. It never before recommended the use of dipping vats in any way in a tick-infested area. I have been dipping from sixty to eighty head of cattle which I am feeding, and from a very few days after my first dipping I have noticed decided improvement in the animals. I never before had cattle so young and fat like my cattle have. I feel like I am perfectly safe in saying that my cattle are in six per cent better condition than they were when I first dipped them five or six weeks ago. I was so much astounded at the improvement in the way my cattle ate that I got in touch with Mr. Owens to know the reason. I find it is caused by the animals getting rid of the poison from the tick.

From my brief experience with dipping vats, if I were to pay only twenty-five head of tick-infested cattle to feed, I would erect a vat at my own expense to dip them before I began feeding them.

I don't think the state and county officials could spend the people's money to their better advantage than in the work of tick-eradication.

Thanking you and the county commissioners for the interest you are taking in building up our live stock industry, I beg to remain,

Yours very truly,
R. E. CHAMPION.

GEORGIA FARMERS' UNION WILL MEET AT DUBLIN

Great Interest, Centers in Annual Session to Be Held January 21 and 22

Much interest has been aroused throughout the state in the annual meeting of the Farmers' Union of Georgia which will be held at Dublin, January 21 and 22.

The members of this year will elect a new secretary and treasurer, since J. T. McDaniel, the incumbent, has announced that he will retire and will not allow his name to be presented to the convention.

Mr. McDaniel has been one of the most faithful and efficient officers of the union, and he has been a great help to the members to join and has been continuously in some office since then. He has been secretary and treasurer for eight years, and has held this position, moreover, without any criticism being directed against him, during times when criticism was rampant against other officials. It is with regret that the union will lose his services.

VALUABLE ADVERTISING BOOKS AT CARNEGIE

An exceptional collection of standard works on advertising and the relations between business and advertising has been brought to Atlanta by the Carnegie library of this city and is now on the shelves of Carnegie library for free circulation.

This collection, known among all advertising clubs, has been here three months, having been loaned for that period from its own extensive library by the National Association of Advertising Clubs. Its loan to the Carnegie library is a great benefit to the club in a recent contact with all clubs upon their interest and activity in advertising work.

The collection is conceded to be the most complete of its kind in the state. It arrived Tuesday and is now to be found in the reference room on the second floor of the library. Their use is offered without charge to the whole public, but particularly to members of the Atlanta club and of the general business community.

SALESMEN OF WESTERN ELECTRIC COMPANY MEET

Salemen of the Western Electric company, representing six southern states, began a three days' conference Friday at the Hotel Vinson. It is the annual gathering of the company's representatives from the southern states, and is held in the city of Atlanta, Ga.

The keynote of the addresses at the meeting was the general business revival in the south. There are 26 representatives of the company at the meeting and every one of them had a good word to say about the increase in business that is everywhere apparent.

Bankruptcy Petitions

An involuntary petition in bankruptcy was filed Friday by the Southern Furniture company and other creditors against the Banklight Furniture company, whose quarters are at Whitehall street and Trinity avenue. The appointment of a receiver is also asked.

The Mr. Schwab Jewelry company has filed an involuntary petition against the Greenfield company, a retail jewelry concern.

The following voluntary petitions were filed Friday: Joseph O. Ewing, a law clerk; Dr. Clinton Johnson, an electrician; Ed L. Grant, doing business as the Grant Sign company, and H. B. Slatery, a merchant.

BUSINESS IMPROVES WITH ADVENT OF THE NEW YEAR

Many Predicted Failures for January Fail to Materialize

Statements issued by the Atlanta representatives of Bradstreet company and R. G. Dun & Co. show that the predicted record-breaking number of business failures in the early days of the new year have failed to materialize, and that the contrary business conditions are getting better every day with prospects bright for a return to normalcy.

J. R. Goodman, acting superintendent of Bradstreet company, gives out the following:

"At this time of year, when recapitulations and recollections are being made, there are, in the best of times, many rumors of business embarrassments and failures. It was freely predicted that the early days of 1915 would register a record-breaking number of failures for this section, but so far this prediction has not been fulfilled, and they have been on a par with the last five years.

AD MEN WILL DISCUSS PLANS FOR NEW YEAR

Will Hold "Get-Together" Meeting at Chamber of Commerce January 14

The "get-together" meeting of the Atlanta Ad Men's club for the work of the year just beginning will be held next Thursday, January 14, at 1 o'clock in the chamber of commerce cafe.

London will be served first. Then Dr. W. E. Taylor, of Moline, Ill., will be in charge of the meeting. The club has been known for its success in the past, and its success will be undertaken by the several strong committees named recently by President St. Elmo Massena.

"We want to make 1915 the best year the club has ever had," said President Massena Thursday. "That means one of Atlanta's best, too, for the club attempts nothing that is not the interests of the town as its real purpose and aim."

PROTEST REPLY TO TRADE PROTEST IS ON ITS WAY

Document Handed Ambassador Page for Transmission to Washington

LONDON, Jan. 8.—Ambassador Page today received from the British government the preliminary reply to the American note protesting against British interference with American shipping. He forwarded it immediately to Washington.

The time of delivery of the more definite supplementary reply which the British government is to make is uncertain. It probably will be within two weeks.

Further negotiations between the two governments concerning specific cases of detention of American vessels will precede preparation of the final British answer.

LOCAL SUFFRAGISTS TO ELECT NEW PRESIDENT

Mrs. McDougald Says She Can Not Head Both Associations

Mrs. Emily C. McDougald, of Atlanta, has declined the nomination for president of the Fulton and DeKalb counties branch of the Equal Suffrage party of Georgia.

Mrs. McDougald holds the position of president of the state organization and is unwilling to undertake the responsibilities and arduous duties of both positions.

"Suffrage in Georgia is growing so rapidly," she says, "that to fulfill my duties as president of the Equal Suffrage party of Georgia I will be forced to give up my work in the Fulton and DeKalb counties branch. I sincerely regret having to do this as the progress of suffrage in Atlanta has been a great inspiration, but my health will not permit too many demands upon me. However, I shall continue to take a lively interest in the local branch and do anything that I can to win my president."

As a successor to Mrs. McDougald, the name of Miss Aurelia Beach has been frequently mentioned. The election of officers for the ensuing year will take place Saturday afternoon at the annual meeting of the branch in the Piedmont hotel. Several important questions will be considered, and a large attendance is expected.

SATURDAY WILL BE FAIR AND WARMER

Fair weather Friday night and Saturday is forecast by Mr. Hermann's prediction.

The sweet temperature during the next twenty-four hours will be around 6 o'clock Saturday morning, when the thermometer is expected to go down to 32 degrees.

This, however, will be somewhat warmer than the lowest point Friday, which was 29 degrees at 6 o'clock a. m.

As to a prospect of continued fair weather for any considerable length of time, the forecaster declines to commit himself.

TINY UNSIGHTLY BUMPS ON FACE

Grew Larger and Festered, Itching So Bad Scratched, Used Cuticura Soap and Ointment. In Three Weeks Pimples Healed.

Lake, La.—"My trouble began by tiny bumps on my face. Then I noticed that they were growing larger and they festered. They were unsightly, and the itching was so bad that at times I had to scratch."

"I had the pimples a year before I used Cuticura Soap and Ointment. At night just before I went to bed I would put the Ointment on, leave it five minutes and then wash it off with the soap and warm water. After using them two weeks I found great relief and at the end of three weeks the pimples were dried and completely healed." (Signed) Miss Lovenia Briggs, Sept. 23, 1914.

A Great, Fine Remnant Sale of the Silks

and Woolens Favored This Season

Hundreds and hundreds of remnants—the silks and the woolens of the now, in a Chamberlin-Johnson-DuBose Co. Sale. Here, then, we have genuine savings.

Remnants are the natural "by-product" of a healthy business. They are the proof of their own worth.

That nothing but a remnant of what was once a whole piece of silk or dress goods should remain is evidence of the favor with which it was received.

But we can not keep remnants—they get in our way. So we take a day every now and then, when they have accumulated to a certain degree, and dispose of them.

But this particular sale. Inventory brought out a great quantity of them, and this, coupled with the fact that we are turning into a new season—we will hold our greatest Remnant Sale.

FINANCE COMMITTEE TO DISCUSS SALARY PROBLEM

Mayor Woodward's Proposal Will Be Taken Up at Meeting This Week

Mayor Woodward's fight to equalize and revise downward the salaries of city employees not working under a regular scale or on a civil service plan will crystallize at a special meeting of the finance committee of council this week.

After a conference with the mayor, chairman A. W. Faringer announced that he would call the committee to meet either Friday or Saturday to take up the proposition of salaries before it goes in to the regular January adjournment sheet.

The mayor directed his fire in urging salary equalizations specifically to the construction department and to the cemetery department. Nym Hurt, chief of construction, has announced that he has abolished three positions in his office, which will decrease the monthly pay roll by \$150, but the cemetery commission is not joining the chief of construction in his effort to meet the mayor's suggestion.

The commission in fact is fighting any increase in the force or the salaries paid employees of the department. In conducting this fight the commission has mailed three thousand letters to members of council and lot owners at Oakland cemetery setting forth the reasons for the construction and repair force than to the engineering and office employees.

THEATERS

This afternoon "Bought and Paid For" will open its engagement of four performances at the Atlanta with a special popular price matinee for ladies, with the best seats at 50 cents. This play has caused much talk and is one of the strongest ever written by George Broadhurst. It deals with self-indulgence and its dangers and carries a lesson which will cause untold harm. It is a play which will cause untold harm. It is a play which will cause untold harm.

The offering at the Atlanta for Monday, Tuesday and Wednesday, with a Wednesday matinee, is that stirring drama of modern life, "Today," which created such a sensation when given here recently. Seats are now on sale for the engagement, which is certain to prove as sensational as the stay of the show last fall.

"Without Hope" The prize-winning motion picture comedy that is being shown at the Grand theater, is one of the funniest farces ever shown in a movie. The New York Morning Telegraph says it is "the funniest and that reviewer gave it a score of 90 out of 100." There are four reels of real, mirth-provoking comedy, the kind that just makes tears come into your eyes. You laugh so much at the complications that follow the invention of "noiseless" gunpowder. Fred Mace leads the all-star company (all produced) in the picture. The picture will be shown again tonight and Saturday matinee and evening.

studying the pay roll of the construction department, he finds that the pay of gang foremen, doing practically the same work, varies from \$4 to \$22 per day. He declares also that some men on the paving squad are drawing \$2 per day while others get only \$1.60. He declares that there is also a discrepancy in the pay of time keepers.

GARIBOLDI IS KILLED

Brother of Grandson of Italian Patriot Tells How Latter Met His Death

(By Associated Press.) PARIS, Jan. 8.—Constantino Garibaldi, the second of the grandsons of the Italian patriot to die in the fighting in France, was killed during an attack on a series of three German trenches. The story of how he met his death is told by his brother, Captain Niccolotti Garibaldi.

After mines had been laid and exploded, according to Captain Garibaldi's story, the regiment of Italian volunteers rushed forward shouting, "Viva Trieste!" They captured the first two trenches without difficulty, but the third trench was a more difficult proposition, being separated from the others by about 100 yards of open ground and commanded by a hill.

Notwithstanding this, the Garibaldians stormed the trench, but the Germans delivered a fierce counter attack and the position of the Italian volunteers became difficult. Colonel Peppino Garibaldi, the commander, ordered the regiment to fall back and Constantino, who commanded the reserves in the second trench, went forward to aid his comrades. Almost immediately he was struck in the neck by a bullet which severed the carotid and he fell within a few yards of his brother, Peppino.

Parent-Teachers' Meeting The Parent Teachers' association of Grant Park school will hold its regular monthly meeting at the school Friday, January 8 at 2:30 o'clock. Dr. S. A. Vianassa will lecture on the subject: "Give the Child a Square Deal."

THIRTY TONS OF COCOA PURCHASED BY FRANCE

(By Associated Press.) PITTSBURGH, Pa., Jan. 8.—The French government has placed an order with a local firm for thirty tons of cocoa for the use of its soldiers, according to an announcement made here last night. Representatives of the concern declare the order is the largest ever given by any of the warring nations for a single shipment of chocolate.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when resting; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and stinging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need. No matter how much dandruff you have, this simple remedy never fails.—(Adv.)

Women of Atlanta have come to associate with such an announcement as this the supreme values of the season. We mean that this sale shall add, in the minds of women who know these clearaways of old, further evidence of the splendid values they bring; we mean that it shall bring us new friends.

We have made for this event some remarkable prices on coats and dresses that were selected for our stock because they were so thoroughly good and worthy, in material and style, at the prices they bore earlier in the season.

But their worth is lost sight of now, it's clearaway time and they go in this fashion---

Coats were \$7.50
\$10.00 to \$15.00

Coats were \$10.00

CITIZENS WANT LIBRARY

BRANCH IN GIANT PARK

New Managers of Parks and Other Officials Favor the Plan

A movement to have council locate the new branch library made possible by the donation of the Carnegie Foundation in Giant park has been launched by citizens of that section. It has been the original intention of the library trustees to locate the branch at East Georgia street and Capital avenue, and to that end an option has been secured on a lot at that point, the purchase price of which is \$2,500. This was to be the total cost of the branch library to the city since the Carnegie Foundation had agreed to erect a \$15,000 building and fully outfit it as a library.

Advocates of the plan of locating the library in the park declare that by so doing the city could be relieved of all expense since it already owns ground. They declare that it would soon be an important feature of the park, a handsome landmark would add to the beauty of the place.

C. O. Burns, who is circulating a petition to compel the city to do so, is doing the city could be relieved of all expense since it already owns ground. They declare that it would soon be an important feature of the park, a handsome landmark would add to the beauty of the place.

Police signal boxes may be used for fire calls. Plan to Facilitate Turning in Alarms Favored by Fire-masters.

The establishment of a private telephone from the signal office to police headquarters to the telephone office of the fire department was advocated at a meeting of the board of fire-masters Thursday night for the purpose of allowing policemen to make fire calls from their own signal boxes, which are more convenient than the regular fire alarm boxes.

The board also decided to fix the charge for the service of the department at five outside of the city for the first hour and \$55 for each additional hour.

The fire-masters named eleven new members to the department. Each of the nine members of the board of fire-masters, and Chief Cummings chose a man. As there was still another vacancy, the board in the interest of peace and harmony decided to allow each member of the board to select a chief to place the name of their candidate in a hat. Police Commissioner Andy King, present in the capacity of a spectator, was then delegated to draw the names from the hat. The name drawn was Jarrell.

At a meeting of the Fifth Ward improvement club Thursday night in the English Avenue school auditorium, objections were voiced to the Georgia Railway and Electric company taking off a number of the cars that run through the ward, and a committee was appointed to go before the railroad commission next Wednesday.

The meeting was largely attended, every part of the ward being represented. It was decided to send a delegation to the next meeting of the finance committee of council to ask an appropriation for erecting new school houses at Howell station and Madison park, and to build an underpass at Ponders avenue.

WHITE MEN WANTED IN

SANITARY DEPARTMENT

Chief Jentzen Will Ask That They Be Given Jobs on Wagons and Streets

Chief John Jentzen, of the city sanitary department, will recommend to the board of health Friday afternoon that white men be given jobs as drivers of the sanitary carts and workers on the streets.

Should the board decide to employ white men as drivers of the carts work, they would be approximately 100 men, and would do much toward relieving the unemployed situation.

Chief Jentzen has recently been besieged by many seeking employment and who declare that they are willing to do any sort of work. There are no positions in the department which could be replaced unless they are allowed to replace the negroes now driving the carts.

The pay of these laborers is barely \$1.12 per day, and Chief Jentzen fears if the unemployed situation is really as bad as it is pointed, that many unskilled white laborers would be enabled to support their families by this work.

Should white men replace the negroes on the sanitary carts, it is probable that the city would be enabled to increase the pay of these laborers to \$1.50 per day, and if this could be done white men might be permanently employed in the department. It is pointed out that \$9 per week as a steady salary is preferred to day work by many workers who have been accustomed to make a larger per diem.

MARRIAGE FORCED ON MAN IS NOT LEGAL. Interesting Point Decided by Jury in Judge Bell's Court.

A jury in Judge George L. Bell's division of the superior court has held that where a man is forced into a marriage by threats of physical violence, the ceremony is not binding.

The point was involved in the case of Mrs. Maude Johnson Bailey, versus Earl Bailey, which was tried Wednesday afternoon.

The woman brought suit for divorce and alimony, charging that Bailey deserted her upon the day of their wedding on April 2, 1910. The courts awarded her \$10 a week for alimony and for the support of her baby.

When the case came up for trial Bailey brought a counter suit, asking that the marriage ceremony be declared void on the ground that he was entered into it only because he was threatened.

He declared at the time he was seventeen years of age.

An interesting speech by Attorney James Jordan for the plaintiff, who declared the marriage valid, and quoted many authorities to support his contention, the jury returned a verdict for the man, and Judge Bell ordered the marriage declared void.

The action means that no record of marriage stands, and Bailey is no longer forced to pay \$10 a week alimony, which he claims he has been paying for two years.

What kind of wheat would you choose?

There are many varieties of wheat and many grades—but there is only one wheat good enough for Valier's Dainty Flour—and that is the best.

And to make sure of the best we send our buyers right out to the wheat fields. The supreme quality of

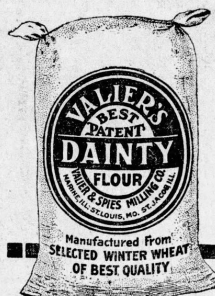

Valier's DAINTY FLOUR

"Made in a mill where the only consideration is quality"

is not merely from the finest wheat, but our methods of milling. In our big clean mills Valier's Dainty Flour is milled so slowly that it floats down from the rolls. We could make it faster, but it wouldn't be so fine. Then it is sifted again and again through pure white Imported Swiss Silk. Then it is packed and sewed by machinery—in fine new clean cambric sacks; and shipped in cars, lined with new clean paper, so that the sacks touch nothing that has ever been used before.

Valier's Dainty Flour sometimes costs a little more by the sack, yet because it goes so much further in baking, it really costs less. And then it makes a blonder whiter, finer lighter and more delicious, first quality flour with the superior flour today—your grocer will supply you.

Valier's So-Easy Flour is Valier's Dainty Flour with self-rising ingredients, mixed in accurate proportions. Requires no salt or baking powder.
